NCS

Our Mission

To inspire and transform businesses and organizations into thriving cohesive cultures that benefit all stakeholders and make a positive impact on the world.

Our Vision

NCS is a key contributor to the change in global corporate consciousness resulting in a more coherent, collaborative and creative business world.

Purpose

Using the *latest scientific research* to transform individuals and organizations from the inside out *in order to create meaningful and lasting change*.

About NCS

The NCSC role is not an employee role. We are looking for individuals with a 'self starter' mindset who are self-sufficient and already have the skills to master this as a contractor who has business skills.

It is a mandatory requirement that you have completed the Progressive Live or online event in addition to either a past Advanced 4 ½ day Workshop or one of the current Week Long Retreats so that you are very familiar with Dr Joe's teachings. It is also necessary that you have read and study Dr Joe's books:-

- Becoming Supernatural
- You Are the Placebo
- Breaking the Habit of Being Yourself
- Evolve Your Brain

It is an important pre-requisite that you are doing the work daily. By you participating in Dr Joe's work and meditations on a regular basis will contribute to our global community so that we can maintain a spirit of emergence - just like a school of fish or a flock of birds that move together in one direction – as one mind.

We ask all of our NCSC's to add a minimum of one photo to their personal mind movie with a creation statement for the success of their NCS work and to contribute to the collective global success.

It is necessary that you have a background in corporate training and that you already have the required skills to deliver training to large groups of people in the corporate environment. Ideally, we would like to review any past feedback with various clients that demonstrates your skills and abilities.

We require that you also have an existing client base or list of contacts that you can data mine to create opportunities to deliver the various trainings. We do not provide client leads however any enquiries which come through Dr Joe's website are shared equally or in the geographical location required by the client.

There are currently two programs offered as part of the Neuro Change Solutions training.

1 Breaking The Habit of Being Yourself (BHY) is an 8 hour program which can be delivered over 1 to 2 days depending on the clients needs. The NCSC uses the workbook to guide the participants through the training and various exercises which enhance individual and group learning and development. This program comes with a workbook and 30 days to Genius Journal which fires and wires the new learning in the 30 days after the program. The look and feel of this training is aligned with Dr Joe's book Breaking The Habit of Being Yourself book.

2 Change Your Mind Create New Results is an 8 hour program which can be delivered over 1 or 2 days with similar learning to BHY and has more of a corporate look and feel. Many of the exercises for learning and development are the same or similar with one or two differences. Many of our NCSC's prefer this workbook for the corporate environment. This program has its own workbook and accompanying 30 days to Genius Journal.

For both programs the workbook costs \$75 USD each and \$10 USD for the Genius Journal.

All workbooks and journals are available online and you are required to arrange to print the workbooks as you need them. This means that you will need to source a local printer which is approved by us ahead of time to check the quality of their printing matches our business requirements. You are responsible for the ordering online, payment, organising printing and delivery of workbooks for your clients. As you are responsible for the costs of printing it

is recommended that you obtain various quotes as the costs of printing can vary globally.

*All workbooks are currently available in English, Spanish, German, Dutch, Portuguese and French. Further translations are possible as we expand globally.

Dr Joe is in the process of creating a new workbook which will be available to all NCSC's in 2019 and there will be a separate training completed in due course which likely to be an online training by Dr Joe. More details will be available soon.

It is important to be aware that the content of these programs cannot be changed, blended or added to any other program and must not be amended in any way. All programs must be delivered in accordance with the 5 days training provided.

Next Available Train the Trainer Event for 2019

Dates : 18-22 March 2019

Location : Portland, USA

Cost \$4500

**An annual Licence Fee of \$500 is payable for each Consultant and the delivery of the training to 50 participants annually is a requirement for all NCSC's.*

Following the training you will be required to send videos of you delivering the training to a small group of people for our assessment. We will then provide any feedback which is necessary for you to become a fully certified NCSC. Once you are certified you can then deliver this training to your clients.

Requirements of the role of NCSC

Our culture works well when you participate. We ask that everyone :-
